The Centers for Disease Control and Prevention (CDC) and the Kent County Health Department (KCHD) have recently updated their [guidance](#) regarding appropriate masks to help reduce the spread of COVID-19. As we have shared in prior communications, we rely on the guidance of the CDC and the KCHD to ensure we are following proper protocols related to COVID-19.

**Effective immediately, the following masks/facial coverings are no longer allowed to be used by students, staff, and visitors:**

- Neck gaiters
- Bandanas
- Masks made of mesh
- Masks that contain a vent or exhalation valve
