

Student Achievement

MAP assessments are computer adaptive and produce accurate, reliable data that reveal the precise level of every student, regardless of the student's ability or grade level. MAP identifies areas of strength and opportunity at the goal level of a subject, as well as overall performance. Educators use MAP data to inform in-the-moment instructional practices, gain insights into college readiness, and view grade independent academic growth.

NCEA IFG: ACRE

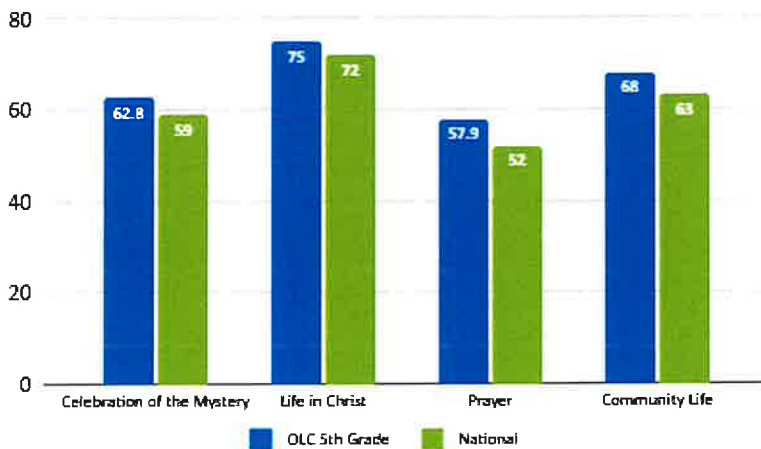

ACRE is designed to assist in the evaluation of catechetical/religious education programs in Catholic schools and parishes. As a multilevel, age appropriate tool, NCEA ACRE is used in grade 5 (Level 1); grades 8 or 9 (Level 2); and grades 11 or 12 (Level 3)

The NCEA IFG: ACRE edition is based on the Catholic Church's expectations for an organic, systematic, and comprehensive education in Christian discipleship. Currently, it is the only tool that provides national scores for comparison and processes for tracking religious education program data over time.

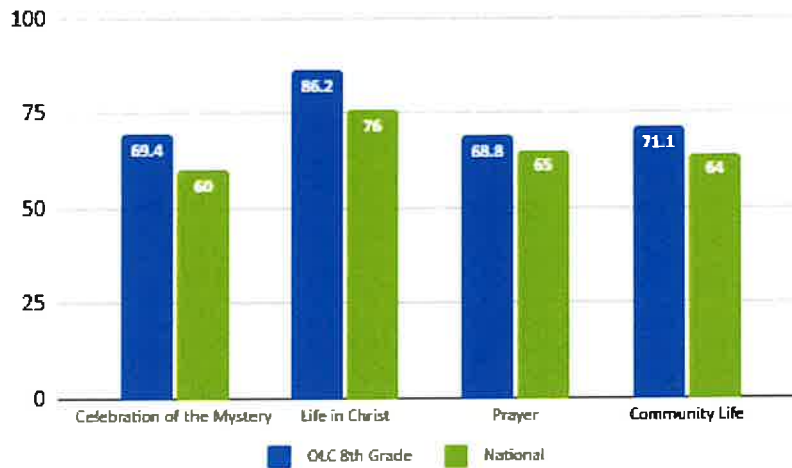

NCEA IFG: ACRE - 2025 Avg. Scores for Faith Knowledge

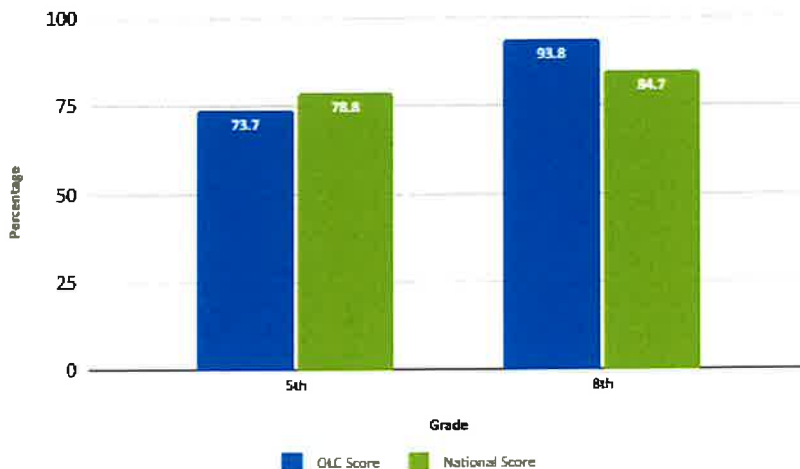

Proficiency in Faith Knowledge-5th Grade

Proficiency in Faith Knowledge-8th Grade

Overall Proficiency in Catholic Tenets and Values

Adoration

Throughout the school year, the students and staff of Our Lady of Consolation School dedicated over 583 hours in prayer before the Blessed Sacrament. We are deeply grateful for the gift of our Adoration Chapel which remains accessible to our community 24 hours a day.
